

Etowah Utilities is accepting resumes & applications for a full-time

ELECTRIC SUPERINTENDENT

Etowah Utilities is seeking an experienced Electric Superintendent. The ideal candidate will have a four-year college degree preferably in Electrical Engineering, or related field, from an accredited college or university with a minimum of 10-years supervisory/management experience of overhead and underground electrical distribution lines and electrical substations. Field supervisory experience is a plus.

This management position requires a strong background in planning, operations, construction, maintenance, engineering and metering of the overall activities of the electric department of a public utility; including right-of-way maintenance. Knowledge of the Etowah Utilities Electrical System and familiarity with both 4 KV and 13 KV electrical systems is highly desired. Knowledge of city, state, and federal rules, regulations and laws regulating the electrical distribution system is a must. Knowledge of existing contracts and ability to maintain working relationships with TVA, other local power companies, suppliers and industrial customers is highly desired. Knowledge of broad band fiber operation is a plus.

Experience in dealing with the public effectively and the ability to communicate effectively with other employees, members of management and the Utility Board is required. We are looking for a self-motivated individual. Must possess a valid TN Driver's license. The successful applicant will be subject to yearly performance reviews. EU offers a competitive salary, full benefit package and a great working environment.

Applicants, please submit a resume (including a summary of education, work experience and accomplishments relevant to the position), EU application and any supporting documents online at www.etowahutilities.com or mail to:

Etowah Utilities Board
Attn: Human Resources
P.O. Box 927
Etowah, TN, 37331

Position will remain posted until filled.
